### **NFDI Connect**

Request from Thomas Schörner-Sardenius: name people interested in working on data object identifiers, suggested Bridget Murphy and Markus Demleitner.

Dear colleagues -  
at our Frankfurt meeting on 24 October, we "kind of" agreed to get together people interested in PIDs, dois etc - also (if not only) in view of a potential proposal for a basic service in the Base4NFDI framework.  
For PUNCH I know whom to take along - it is less obvious for me for ErUM and DAPHNE (and beyond). Could you please let me have names of people from your parts that might be interested and able to contribute?  
Kind regards, and thanks -  
Thomas
