Preparations for the Annual Meeting DIG-UM, Zoom 12-Dec-22, 17:00-20:00

We discussed the slides to be shown for the activities of the Resource provider Board, the Digitization Board, the Topic Groups, and the ErUM-Data-Hub. All talks are order of 8 min. plus 2 min. questions. We will avoid abbreviations to prevent confusion. A few adaptations will be done by the speakers after having seen the slides of the other groups.

Further matters arising

- Pierre and Tim plan for the workshop “Next Generation Environment for Interoperable Data Analysis” 12.-13.4.23 in Berlin (see years planning below).
- Martin will talk to Uli Katz on the topic of the scientific secretary and how to introduce this mandate in Monday’s Overview Board Meeting.
- Katja Cornetzki and Carlos Lobo are taking care of reaching the young scientists in NFDI, we will invite them to a Digitization Board meeting in January to learn about their attempts and successes.
- When reaching out in the large ErUM-Data Community, we should be aware of different interests: those colleagues interested in technical solutions and advances, and those colleagues interested in the strategic advances (at all levels).
- In the BMBF leading positions are exchanged in Abteilung 7 (ours), see <https://www.jmwiarda.de/2022/12/01/stark-watzinger-ersetzt-zwei-spitzenbeamte-in-ihrem-ministerium/>
