ErUM-Data-Hub Team
Seven applications for the four job types *Team Leader, Referent, Communications Scientist, Technical Support* have arrived before deadline 31.12.21. Christian Gutt, Andreas Haungs, Dirk Lützenkirchen-Hecht, Kilian Schwarz, and Tabea Schröder (RWTH) will help to select the candidates. First meeting 7.1.22 to discuss the candidates and the selection procedure.

Workshop and Schools
Based on the initial proposal of the Topic Group Knowledge Dissemination and discussions on workshops for all other topic groups (23.12.21), a concrete cost plan for 2022 has been developed and x-checked (Dirk Lützenkirchen-Hecht, Katrin Link, Martin Erdmann). The plan gives the basis to apply for the unblocking of the workshop & school funds.

Preparations Community Meeting 20-Jan-2021:
- The gathertown environment has been improved, the helpdesk will be up starting on 17.1.22 between 9:00-17:00 (Judith Reindl).
- All topic groups will meet next week to finalize their contributions (short video, guiding questions, plan for presentation).
- All topic groups will also test the gathertown environment next week.
- A poster (screen size) for the community meeting will be developed shortly (Judith Reindl, Martin Erdmann).
- On Monday 10.1.22 we will ask the ErUM-Data PI's, ErUM-Email-lists to re-send the invitation to the community meeting (including the new poster).
- On Friday 14.1.22 we invite accessing gathertown through social media, e.g. punch-twitter account, other twitter and linkedin accounts.
- The indico page https://indico.desy.de/event/32315 notes 54 registrations currently.
- The gathertown payment and Zoom organization is still to be organized (Christian Gutt, Bridget Murphy inquire with DESY).

Mailing Lists
Email lists will be created for all Topic Groups for self-subscription, if possible with administrative access by topic group leaders:
